### About Chad Hymas

Chad Hymas is considered by many to be the most dynamic motivational safety speaker in the country. He has presented as a safety speaker to hundreds of companies, thousands of employees, and all levels of management, where he has helped to shape, change, and forge their safety cultures.

# Registration

## BATC Policies & Procedures

Registration for the short-term courses will be done on a first-come, first-serve basis and tuition must be paid at time of registration. VISA, MasterCard, and Discover are accepted.

Short-term tuition refund policy: 100% will be refunded up to five working days after the first scheduled class, and none thereafter. For courses whose lengths are less than five days, 100% will be refunded prior to the beginning of class and none thereafter.

**1** Register Monday -Thursday from 7:30 am to 6 pm and Friday from 7:30 am to 4:30 pm at the Logan or Brigham City Campuses. You may register in-person or \*call with a credit or debit card. *\*In-person registration will be taken first.*

**2** Registration begins March 15; no pre-registration will be accepted. Register at least one week before class begins. Seating is limited!

## Online Courses

**1** Go to [www.batc.edu](http://www.batc.edu) and select e-Learning. Locate the course in which you wish to enroll.

**2** The link will provide the registration process for your course. For Frequently Asked Questions (FAQ) such as hardware/software requirements, please visit [www.batc.edu](http://www.batc.edu) and click on e-Learning

## Financial Aid

BATC participates in the following assistance programs that aid students in covering the costs associated with education:

**Federal & State Grants • Adult & High School Senior Scholarships • Benefits for Veterans • Community Aid & Other Services**

Learn more about financial aid opportunities at BATC by contacting a financial aid specialist at 435.750.3204 or 435.750.3114.

# Facts at a glance

## What are occupational upgrade, lifelong learning, and general interest courses?

BATC offers many occupational upgrade, lifelong learning, and general interest courses, which are outlined in this schedule. These courses vary in length from 10 hours to 250 hours and are offered primarily in the evening. These courses are designed to improve employment skills and/or stimulate interest in rewarding occupational programs. Registration for short-term training is held quarterly.

## What is a certificate program?

Our nationally accredited programs generally take from six months to one year to complete at a tuition rate of only \$1.40 per hour (apprx. \$2,000 for a full one-year program.) These career programs provide industry-recognized training and program credentials needed to enter the workforce, to change occupations, or to advance in career positions. For more information visit us at [www.batc.edu](http://www.batc.edu) or call Gloria at 435.750.3224 to schedule a tour.

## What are open-entry/self-paced courses?

Open-entry/self-paced courses are individualized and available for registration any time if openings exist.

# Juniors & Seniors, take advantage of the BATC

## High School Summer Programs

The BATC Summer Programs run June 14 through July 30 and are offered to juniors and seniors. Classes are from 8 am to 12 noon, Monday through Friday unless otherwise noted. Bring your student body card to Student Services before June 14 to register for class. BATC will be closed July 5 and July 23.

### LOGAN CAMPUSES

Auto Collision  
Automotive Services  
Building Technology  
Business Technology  
Cabinetmaking & Millwork  
Certified Nurse Aide (CNA) - must be 16 (max 30 students)  
Computer Technology  
Culinary Arts (8 am to 1 pm)  
Dental Assisting (M-Th 8 am to 1 pm)  
Diesel Mechanics  
Drafting/Media Design  
Drug Dosages & Calculations  
E-Commerce (Web Design)  
Electronics  
Fashion Merchandising  
Financial Literacy  
Industrial Automation  
IT (Computer Repair/Networking)  
Interior Design  
Machining Technology  
Meat Services  
Medical Terminology  
Welding

Students from Cache & Logan School Districts must attend the Logan Campus, but may attend the Brigham City Campus for Cosmetology.

### BRIGHAM CITY CAMPUS

Business Technology  
Cosmetology (8 am to 2:30 pm)  
Dental Assisting  
Drafting/Media Design

Students from Box Elder School District have the option of attending programs at the Logan or Brigham City Campuses.

NOTE: Class size may be limited at all campuses.

## Tonya Egbert

Tonya began the high school Fashion Merchandising program the summer before her Junior year on the recommendation of her older sister, a former fashion student. "I took advantage of two summer sessions and also attended during regular school hours my junior and senior years. I worked quickly through the high school curriculum and then said, "This is great! What's next?"

Tonya continued through the adult curriculum and graduated with the other post high school students at the December 2009 graduation ceremonies. She has worked hard to complete both the high school and adult programs while working in the industry at Maurices. "It has been a challenge to keep up with everything, but I've enjoyed it. I found that it forced me to keep my responsibilities organized."

Tonya, a Mountain Crest High School student, is elated that she had the opportunity to complete the entire adult Fashion Merchandising certificate during high school. "I have saved myself a full year and approximately \$2,000!"

## Success

# Class Schedule

Certificate Programs & General Interest Courses

## Basic Skills & Communication

### Academic Learning

#### OPEN-ENTRY / SELF-PACED

You may need to enroll for more than one month in order to complete the course depending on the rate you progress.

#### ENTRANCE EDGE

Learn the academic skills needed for success prior to entering the BATC program of your choice.

**Logan & Brigham City**

#### ESSENTIAL EDUCATION SKILLS

Upgrade or refresh your educational skills in reading, English, math, spelling, and more. A pre-test is used to determine placement.

**Logan & Brigham City**

#### GED TEST PREPARATION

Prepare to pass all five parts of the GED test – or only work on the sections you need!

**Logan & Brigham City**

#### FUNDAMENTALS OF MATHEMATICS (MATH 800 SKILLS)

Prepare for college-level mathematics. Start date and schedule arranged with instructor. Please call 750.3238 or 734.0614, Ext. 21 for details.

**Logan Main Campus & Brigham City**

Open-Entry	Arranged	Arranged	\$48 month*
------------	----------	----------	-------------

#### ALGEBRA FOUNDATIONS (MATH 850 SKILLS)

Learn or review basic concepts necessary for success in algebra. Please call 750.3238 or 734.0614, Ext. 21 to arrange start date and schedule for open-entry/self-paced course.

**Logan Main Campus & Brigham City**

Open-Entry	Arranged	Arranged	\$48 month*
------------	----------	----------	-------------

**Logan Main Campus**

April 20 - June 24	Tu Th	10 am - 11:50 am	\$99*
--------------------	-------	------------------	-------

#### ELEMENTS OF ALGEBRA (MATH 900 SKILLS)

Gain beginning algebra concepts and skills to prepare for Math 1010.

**Logan Main Campus & Brigham City**

Open-Entry	Arranged	Arranged	\$65 month*
------------	----------	----------	-------------

**Logan Main Campus**

April 13 - June 17	Tu Th	3 pm - 5 pm	\$119*
--------------------	-------	-------------	--------

#### \*Flexible Hours\*

##### •Logan•

Contact Sean at 750.3238 for a start date. Arranged days and times: Schedule 5 to 30 hours a week.

M - F	Arranged	\$48* (per month)
		<i>Includes basic books &amp; fees</i>

##### •Brigham City•

Contact Karen at 734.0614, Ext. 21 for a start date.

M - F	Arranged	\$48* (per month)
		<i>Includes basic books &amp; fees</i>

#### JOB SEEKING SKILLS WORKPLACE RELATIONS

Jump into your dream job with great communication and workplace readiness skills. Become the person chosen for the job, rather than an unemployment statistic. These courses have online components.

**Logan & Brigham City**

#### MATH & ALGEBRA TUTORING

**Logan & Brigham City**

Math 800 or 850	Arranged	Arranged	\$48 month*
Math 900, 1010, or 1050	Arranged	Arranged	\$65 month*

For more information, please call Sean at 750.3238 or Karen at 435.734.0623, Ext. 21. Evenings: 750.3104.

#### INTERMEDIATE ALGEBRA (MATH 1010 SKILLS)

Learn linear equations and inequalities, polynomials and exponents, rational expressions, quadratic equations, and more.

**Logan Main Campus & Brigham City**

Open-Entry	Arranged	Arranged	\$65 month*
------------	----------	----------	-------------

**Logan Main Campus**

March 30 - June 17	Tu Th	6:30 pm - 8:30 pm	ALC202 \$119*
--------------------	-------	-------------------	------------------

#### COLLEGE ALGEBRA (MATH 1050 SKILLS)

Covers the same concepts as Math 1050 with emphasis on ACCUPLACER® test preparation. Succeed in math with our small class sizes!

**Logan Main Campus**

Open-Entry	Arranged	Arranged	ALC2041 \$65 month*
------------	----------	----------	------------------------

April 12 - June 30	M W	6 pm - 8:30 pm	\$159*
--------------------	-----	----------------	--------

#### WRITING (ENGLISH 900 SKILLS)

This class will help you pass English tests, gain confidence in your writing skills, and improve your language skills for the workplace.

**Logan Main Campus**

April 13 - June 3	Tu Th	2 pm - 4 pm	ALC2091 \$79*
-------------------	-------	-------------	------------------

#### GED PRACTICE TEST

Are you ready for the GED test? Try all five sections for just \$10. Free for registered Academic Learning students (one free test per month).

**Logan**

Every Thursday	1:30 pm
Every Wednesday	6 pm

**Brigham City**

Every Tuesday	9 am
---------------	------

Other times are available by appointment. For more information, please call Sean at 750.3238 or Karen at 435.734.0623, Ext. 21. Evenings: 750.3104.

*"The instructors in Academic Learning really taught the material on a level that I could understand. The class size was small and I felt comfortable asking questions."*

*-Graduate*

\*Text and/or supplies may be required

**Also Online!**

## DIGITAL PHOTOGRAPHY

This course is a basic class designed to teach fundamental techniques and principles for taking, editing, storing, and presenting digital images. The class will focus on camera use, composition, and design principles, but will also cover basic editing practices and online presentation of photos. Computer skills are a prerequisite for this class. Students should have their own digital camera for the class.

**Logan Main Campus** DSN2141  
 March 29 - June 14 Mon 5 pm - 7 pm \$85\*  
 March 31 - June 9 Wed 5 pm - 7 pm \$85\*

## DIGITAL VIDEO (MICROSOFT MOVIE MAKER)

Use Microsoft Movie Maker to create a video using your digital photos and short videos, or combine other graphics projects into a video portfolio. Students will complete a project as part of the class.

**Brigham City** BDS2041  
 March 31 - May 5 Wed 6 pm - 7 pm \$45\*

## e-COMMERCE OPEN LAB

Students can progress at their own rate on e-Commerce courses that are offered. Some courses have prerequisites before they can be taken. A class instructor is available for questions and to help students understand the curriculum or to help with related projects a student may have.

**Logan West Campus** ECM2011  
 March 29 - June 30 M - F 8 am - 2 pm  
 30/60/90 hrs lab time \$60/\$100/\$130\*

*Certificate  
 Logan & Brigham City*

## e-Commerce

The growth of the Internet and the expansion of the World Wide Web have generated a variety of occupations related to the design, development, and maintenance of Web sites and their servers. Contact Rex at 435.938.0289 to find out more. Day and evening schedules available!  
[www.batc.edu](http://www.batc.edu)

## EXCEL 2007 (LEVEL I & LEVEL II)

See the Business Software Open-Entry / Self-Paced Schedule on this page for dates and times.

## GENERAL MEDIA DESIGN OPEN LAB

Choose your area of training from Photoshop, InDesign, Dreamweaver, Microsoft Office, and others. Individualized instruction allows students to progress at their own rate or work on individual projects. Previous experience in media design is not required. Contact Callan at 750.3128 for more information.

**Logan Main Campus** DFT2111  
 March 29 - June 18 M - F (day) 50 hours day or night \$75\*  
 M - Th (night)

**Brigham City** BDF2131  
 March 31 - June 16 Wed 4 pm - 7 pm \$65\*

Certificate  
Logan & Brigham City

## Information Technology

Network/Computer systems, data communications, and computer software careers comprise four out of the seven "fastest growing Utah occupations."

Contact Rex at (435) 938-0289.  
[www.batc.edu](http://www.batc.edu)

### INFORMATION & NETWORK SECURITY

Learn the techniques hackers use to break into systems and how to defend and secure your systems against hackers. Students will learn about different types of hacker activities, the hackers' mind-set, and preventing hacker penetration as well as authentication procedures, performing security audits, encryption standards and implementations, and more. This course will prepare students for the Security+ exam to become a Certified Security Professional.

<b>Logan West Campus</b>			IFT219
March 29 - June 14	M W Th	6 pm - 9 pm	\$120*
March 29 - June 14	M Tu F	11 am - 2 pm	\$120*

### INTRO TO INFORMATION TECHNOLOGY

Students will gain an understanding of computers including their history, hardware, operating systems, program languages, software, networking, data storage, and system security. Students should recognize why computers are essential to the business community and to apply various technologies that are available to make them more effective.

<b>Logan West Campus</b>			IFT211
March 30 - June 24	Tu W Th	6 pm - 9 pm	\$160*

### IT OPEN LAB

Students can progress at their own rate for Information Technology courses that are offered. Some courses have prerequisites before they can be taken. A class instructor is available for questions and to help students understand the curriculum or to help with related projects a student may have.

<b>Logan West Campus</b>			IFT2101
March 29 - June 30	M - F	8 am - 2 pm (M-F), 6 pm - 9 pm (M-Th) 30/60/90 hrs lab time	\$60/\$100/\$130*

Certificate  
Logan & Brigham City

## Media Design

Acquire skills necessary to layout and design magazines, newspapers, journals, corporate reports, product packaging, marketing brochures, distinctive logos, Internet Web pages, and multimedia projects.

Contact Minette at 750.3109.  
[www.batc.edu](http://www.batc.edu)

### LINUX FUNDAMENTALS

The CompTIA Linux+ certification is a new standard of competency for existing and aspiring professionals in the IT field. Students will gain an in depth knowledge of installing, operating and maintaining Linux operating systems. Certification validates technical competency and provides a broad awareness of Linux operating systems. Those holding Linux+ certification demonstrate critical knowledge of installation, operation, administration and troubleshooting services.

<b>Logan West Campus</b>			IFT206
March 30 - June 11	Tu Fri	6 pm - 9 pm	\$120*
March 31 - June 10	W Th	11 am - 2 pm	\$120*

### MICROSOFT WINDOWS SERVER 2008 ADMINISTRATION

Learn how to install, configure, and manage a Microsoft Windows 2008 Server. Includes choosing hardware, connecting the workstations, interface, managing access to the server, developing user profiles, accessing network resources, managing files and directories, printing over the network, managing network printing, managing your hardware, understanding security, understanding the registry, monitoring server performance, and advanced server concepts.

<b>Logan West Campus</b>			IFT2201
March 29 - June 24	M - F	8 am - 11 am	\$210*

### NETWORKING

Concepts include design, topology, implementation, cabling, connecting network components, signal transmission, and network adapter cards. Prepares student for Network+ Certification exam.

<b>Logan West Campus</b>			IFT2131
March 29 - June 25	M - F	8 am - 11 am	\$210*

### PC REPAIR FOR NON-PROFESSIONALS I

Learn how to solve the most common PC problems and optimize the performance of any PC. Covers both hardware and software issues.

<b>Logan</b>			IFT201
April 3 - May 8	Sat	8 am - 12 pm	\$85*

### PC REPAIR FOR NON-PROFESSIONALS II

Learn how to use the advanced functions of the Windows operating system and how software interacts with Windows. Students will gain an understanding of the file system structure, the control panel, drivers, and the advanced functions of Windows. Students will also learn methods to resolve software related issues.

<b>Logan</b>			IFT201
May 15 - June 12	Sat	8 am - 12 pm	\$85*

### PHOTOSHOP CS4 • BEGINNING

Learn techniques using the full version of Adobe Photoshop CS4. Creation and manipulation of digital and photo images from scanning, photo CDs, or digital cameras will be covered as well as basic techniques for photo retouching and digital illustration. Topics include working with layers, tone and color adjustment, dust and scratch repair, blemish removal, masking, and much more. Textbook required. Contact Ryan at 750.3132 for more info.

<b>Logan Main Campus</b>			DSN2011
March 31 - June 9	Wed	6 pm - 8 pm	\$85*

\*Text and/or supplies may be required

## PHOTOSHOP ELEMENTS • BEGINNING DESIGN & LAYOUT

Learn photo correction/enhancement, layout design, resolution, organization, etc. Develop techniques to locate, download, and best utilize digital elements to create dynamite prints. Learn to use templates, brushes, and more. Must have good computer skills. Contact Emily at 750.3216 for more information.

<b>Logan Main Campus</b>			BUS2211
April 12 - April 22	M Th	5:30 pm - 8:30 pm	\$30
<b>Brigham City Campus</b>			
June 1 - 10	Tu Th	3 pm - 6 pm	\$30

## PHOTOSHOP ELEMENTS • ADVANCED LAYOUT DESIGN

Learn advanced techniques to create digital layouts like the pros! Learn to use blending modes, manage fonts and colors, utilize styles, and 'stamp' digitally. Learn how to use stock photography and photo enhancing actions! Must have some Photoshop Elements experience.

<b>Logan Main Campus</b>			BUS2212
May 10 - May 17	M Th	5:30 pm - 8:30 pm	\$25

## PHOTOSHOP ELEMENTS FOR PHOTOGRAPHERS

Learn to use the popular and affordable Photoshop Elements as a tool to take your photography to the next level. Photo correction, editing, and manipulation will be covered, along with techniques specific to photographers. This is not a scrapbooking class.

<b>Logan Main Campus</b>			DSN2031
March 29 - June 14	Mon	7 pm - 9 pm	\$85

## PHP & MYSQL I

Learn to use this powerful server-side scripting language and database to create dynamic Web sites. Prerequisite: Must have strong HTML skills. *Includes a 1-hr lecture and 2-hr lab.*

<b>Logan West Campus</b>			ECM2241
March 30 - May 6	Tu Th	6 pm - 9 pm	\$60*

## PHP & MYSQL II

This class is a continuation of PHP & MySQL 1 where you will learn advanced skills with this powerful server-side scripting language and database to create dynamic Web sites with object oriented programming. Prerequisite: PHP & MySQL 1. *Includes a 1-hr lecture and 2-hr lab.*

<b>Logan West Campus</b>			ECM2238
March 11 - June 10	Tu Th	6 pm - 9 pm	\$60*

## POWERPOINT 2007 (LEVEL 1 & LEVEL II)

See the Business Software Open-Entry / Self-Paced Schedule on page 8 for dates and times.

## PROFESSIONAL DIGITAL VIDEO EDITING 1

Learn intermediate video editing skills used in video production. Sound for video, various editing applications on Macintosh and Windows compatible software, storyboard editing, audio for video, editing aesthetics, editing standards, video codec assignment and usage, and basics in stabilization methods, color correction, color manipulation, and video effects will be covered. Learn editing management and basic director/writer coordination with script editing techniques.

<b>Logan West Campus</b>			ECM2441
March 29 - May 5	M W	6 pm - 9 pm	\$60*

**New!**

## PROFESSIONAL VIDEOGRAPHY & BROADCAST PRODUCTION I

This is the first of two courses designed to teach the fundamentals of videography and broadcast production. Students will learn pre-production planning, scriptwriting, camera usage and shooting techniques, and basic editing skills. Students will also learn broadcast standards and history, live production techniques, and will do team video projects.

**New!**

<b>Logan West Campus</b>			ECM2411
March 30 - June 10	Tu Th	1 pm - 4 pm	\$90*
March 30 - June 10	Tu Th	6 pm - 9 pm	\$90*

## QUICKBOOKS 2008

See the Business Software Open-Entry / Self-Paced Schedule on page 8 for dates and times. QuickBooks 2010 coming soon!

## SELL IT ONLINE I

With the 1.5 trillion Internet users, retail online sales are expected to increase every year. Learn what it takes to make money selling products online!

<b>Logan West Campus</b>			ECM220
March 29 - May 5	M W	1 pm - 4 pm	\$60*
March 30 - May 6	Tu Th	6 pm - 9 pm	\$60*

## SELL IT ONLINE II

U.S. retail sales are expected to grow every year. Join the online retail community and learn more of what it takes to make money selling products online!

<b>Logan West Campus</b>			ECM220
May 10 - June 9	M W	1 pm - 4 pm	\$60*
May 11 - June 10	Tu Th	6 pm - 9 pm	\$60*

## TEAM GAME DEVELOPMENT

Work as a team to create an exciting 3D/2D game for Internet and console games. Learn game production, design, programming, music, effects, and graphics.

<b>Logan West Campus</b>			ECM2361
March 29 - June 14	M W F	3 pm - 4 pm	\$50*

## WEB BROWSER SCRIPTING I (CSS)

Learn CSS techniques to style and design your Web sites. Background images, styling links, styling lists, creating navigation menus, styling forms and data tables, layout and bugs and bug fixing will be covered. *Includes a 1-hr lecture and 2-hr lab.*

**New!**

<b>Logan West Campus</b>			ECM2421
March 29 - May 5	M W	6 pm - 9 pm	\$60*

## WEB BROWSER SCRIPTING II (JAVASCRIPT)

Learn basic JavaScript syntax and the Document Object Model to add dynamic functionality to your Web site. *Includes a 1-hr lecture and 2-hr lab.*

**New!**

<b>Logan West Campus</b>			ECM2421
May 10 - June 14	M W	6 pm - 9 pm	\$60*

\*Text and/or supplies may be required

**WEB DESIGN I (HTML AND CSS)**

Design and create captivating, interactive, and user-friendly Web sites using HTML and CSS. *Includes a 1-hr lecture and 2-hr lab.*

<b>Logan West Campus</b>			ECM202
March 29 - May 5	M W	1 pm - 4 pm	\$60*
March 29 - May 5	M W	6 pm - 9 pm	\$60*

**WEB DESIGN II (FIREWORKS AND DREAMWEAVER)**

Learn advanced skills in Web design using Adobe's industry leading tools, Fireworks and Dreamweaver. *Includes a 1-hr lecture and 2-hr lab.*

<b>Logan West Campus</b>			ECM216
May 10 - June 14	M W	1 pm - 4 pm	\$60*
May 10 - June 14	M W	6 pm - 9 pm	\$60*

**WIRELESS NETWORKING**

CWTS – (Certified Wireless Technology Specialist)  
Learn about various current and emerging next generation wireless technologies. Also, learn how to setup, configure, manage, and secure wireless networks, and the various hardware, software, and tools used in the wireless industry. Students will be able to perform site surveys and learn about installation methods used for setup of both large and small wireless networks. Gain an understanding of radio frequency behavior, terminology, and the wireless fundamentals necessary to be successful in the exciting and rapidly growing enterprise wireless network industry. This course will prepare students for the CWTS Exam to become a Certified Wireless Technology Specialist.

<b>Logan West Campus</b>			IFT215
March 30 - June 11	Tu F	6 pm - 9 pm	\$120*
March 31 - June 10	W Th	11 am - 2 pm	\$120*

**WORD 2007 (LEVEL I & LEVEL II)**

See the Business Software Open-Entry / Self-Paced Schedule on page 8 for dates and times.

**Construction Trades**

Certificate  
Logan

**Building Technology**

Obtain hands-on experience in the actual construction of a custom home; be involved in all phases of custom home building from planning to finish work.

Contact Curtis at 760.1791 for more information.  
[www.batc.edu](http://www.batc.edu)

**CODE UPDATES**

These classes focus on the State and local building codes and will satisfy the continuing education requirements for trade and contractor licensing. Partial funding has been provided by the Division of Occupational & Professional Licensing from the 1% Surcharge Funds on all building permits.

Ongoing Register online at [www.batc.edu](http://www.batc.edu) \$40\*

**ENERGY EFFICIENCY MANAGEMENT TRAINING AND  
RENEWABLE ENERGY SYSTEMS**

In Utah, demand for energy efficiency and renewable energy installation and service is higher than the number of trained experts and technicians in the state. As Utah works to meet the Governor's energy efficiency and renewable energy goal, Utah will need to train and educate upcoming energy efficiency professionals to meet demand in this industry.

This is an introductory, exploratory course that will address energy management, alternative and renewable energy and its return on investment, an introduction to LEED training, HVAC controls and equipment, and retrofits. Additionally, students will learn about residential and commercial energy analysis, weatherization, and current needs and trends in the energy management industry, including a survey of career opportunities in this exciting field.

The course will be offered by Jack Greene, environmental science educator and practitioner.

## IPC SOLDERING CERTIFICATIONS

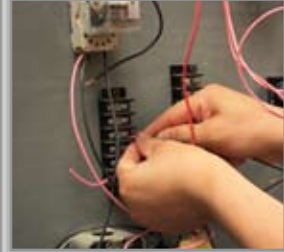

### Logan West Campus

- J-STD-001 Requirements for Soldered Electronic Assemblies (4 days)
- IPC-A-610 Acceptability of Electronic Assemblies (4 days)
- IPC-7711A\7721A Rework and Repair of Electronic Assemblies (2weeks)
- 8-hour recertification of any of the above (1 day)

Each module is \$145. Recertification is \$75. Day and evening times are available with new classes starting every month. Call Ed at 770.0494. All modules include lead-free, surface mount, and thru-hole soldering.

Certificate  
Logan

## Industrial Automation

Companies throughout the world are rapidly automating their manufacturing processes in order to be more competitive in the global economy. Companies need skilled technicians to install, maintain, and repair electromechanical equipment.

Contact Ed at 770.0494.  
[www.batc.edu](http://www.batc.edu)

## BASIC INDUSTRIAL AUTOMATION TECHNICIAN (LEVEL 1 & 2)

Level 1 is a 300-hour certificate often completed in one quarter. Level 2 takes 600 hours. Topics include Welding, Industrial Safety, Automation Maintenance Basics, Fluid Power Hydraulics and Pneumatics, Industrial Mechanics and Alignment, Electronics Fundamentals, Electrical Motor Controls, and Programmable Logic Controllers (PLCs). A free pre-assessment is required; contact the Assessment Center at 435-750-3188. Minimum 10 hrs per week to maximum of 30 hrs per week. Questions? Ed at 770-0494.

### Logan West Campus

Open-Entry M & F (8 am - 2 pm) Flexible 10 - 30 \$1.40/hr\*  
Tu W Th (8 am - 9 pm) hours per week

## INDUSTRIAL AUTOMATION OPEN LAB

Modular lab created to help those in industry who desire self-paced coursework and hands-on training in PLCs, Fluid Power, Motor Controls, Industrial Drives and Alignment, Mechanical Maintenance, Electronics, etc. An academic assessment is required through our Assessment Center (750.3188). Contact Ed at 770.0494 or [eball@batc.edu](mailto:eball@batc.edu) with questions.

### Logan West Campus

March 29 - June 25 M & F (8 am - 2 pm) Flexible 10 hours IDM2211  
Tu, W, Th (8 am - 9 pm) per week \$200\*

## ROCKS TO JEWELS

This class will cover how to find, cut, and polish various rocks and turn them into valuable jewels. This class meets the requirement for 15 hours of Industrial Safety in the use of various hand tools and abrasives. One weekend will be a field trip. For more information contact Leonard at 801-540-6938.

### Logan West Campus

May 8, 15, 22 Sat 9 am - 2:30 pm \$40\* IDM2251

\*Text and/or supplies may be required

## Machining Technology

Certificate  
Logan

A US survey found 80 percent of manufacturing employers had a serious problem finding qualified machinists for employment.

Contact Jerold at 750.3053 to find out how to start your career in this dynamic field.

[www.batc.edu](http://www.batc.edu)

## INSPECTION 3

Continuation of the Introduction to Inspection and Inspection 2 classes. The class will continue with GD&T, standard measuring equipment and coordinate measurement systems, and basic concepts of CMM. Course prerequisites: Inspection 2 or equivalent training. Call Jerold at 750.3053 for more information.

### Logan Main Campus

April 12 - June 21 M W 6 pm - 9 pm MSO2251 \$125\*

## MACHINING TECHNOLOGY BASICS

This class is an introduction to the world of machining. Explore the possibilities of a new career. Training will cover measuring, power band saws, basic mills, and basic lathe operations.

### Logan Main Campus

April 12 - June 21 M W 6 pm - 9 pm MSO2031 \$125\*

## MACHINING - INTERMEDIATE

This course is a continuation of Machining Technology Basics. It covers single point threading, taper turning, knurling, boring, and EZ-Trax programming. Prerequisites: Machining Technology Basic or one year of manual machining experience.

### Logan Main Campus

April 12 - June 21 M W 6 pm - 9 pm MSO2011 \$125\*

## MASTERCAM X4 WORKSHOP (1)

Get started in the world of Computer-Aided Design/Computer-Aided Machining. CAD/CAM software uses CAD drawing tools to describe geometries used by the CAM portion of the program to define a toolpath that will direct the motion of a CNC machine tool to machine the exact shape that was drawn. You will be using one of the leading CAD/CAM programs in the world, "Mastercam X4". Basic design, geometry, contouring, pocketing, drilling, toolpaths, and posting will be covered. This is a five week course, after which you may choose to continue on to the second workshop.

### Logan Main Campus

April 13 - May 13 Tu Th 6 pm - 9 pm MSO2131 \$95\*

## MASTERCAM X4 WORKSHOP (2)

A continuation of the first workshop. Start by customizing configuration files, machine definition, post, toolbars, 3D geometry creation, toolpathing, surface creation, surface toolpathing, solid creation, and 4th axis toolpathing.

### Logan Main Campus

May 18 - June 17 Tu Th 6 pm - 9 pm MSO2132 \$95\*

Certificate  
Logan & Rich County

## Welding Technology

It's a great time to be a welder—the global boom in industrial manufacturing has caused skilled welders to be in greater demand than ever. Companies can't find enough of them. The welding industry continues to offer excellent wages and benefits.

Contact Randee at 750.3041.  
[www.batc.edu](http://www.batc.edu)

### WELDING • BEGINNING

Learn skills in Oxyacetylene Welding, Cutting, Shielded Metal Arc (Stick), Gas Metal Arc (Mig) Welding, and maintenance welding skills.

**Logan Main Campus** WLD2011  
March 29 - June 14 M W 6 pm - 9 pm \$125\*

### WELDING CERTIFICATION & PROCESSES

Learn over a dozen welding processes with emphasis on welder certification of mild steel, aluminum, and stainless. Students can choose which processes they want to certify in.

**Logan Main Campus** WLD2031  
March 30 - June 10 Tu Th 6 pm - 9 pm \$125\*

## Public Service

### EMERGENCY SERVICES - CONTINUING MEDICAL EDUCATION (CME)

This provides an opportunity for individuals to receive up to 20 hours of continuing medical education. Students are provided a punch card, which allows five, four-hour visits to the current EMT classes. Call John at 512.3242 for dates and topics of classes. Punch card (\$28) is good for one year.

### EMERGENCY FIRST RESPONDER

This course presents an exciting opportunity to develop emergency medical skills and knowledge that will enable you to assist people who have sustained an accidental injury or who are suffering from a sudden illness or medical problem. Cost includes a three-year certification, textbook, workbook, bandage pack, blood pressure kit, T-shirt, and CPR certification fee.

Ongoing Register online at [www.batc.edu](http://www.batc.edu) EMS2081 \$350

### EMERGENCY MEDICAL TECHNICIAN (EMT) - BASIC

Learn to respond to emergency calls and provide efficient and immediate care to the critically ill and injured including transport to a medical facility. Prepares you for Utah State Certification. Cost includes student handbook, textbook, supplies, class T-shirt, and all applicable certification fees. Students must have Healthcare Provider CPR certification or equivalent as well as documentation of a current TB test within the last 12 months.

**Logan West Campus** EMS2011  
Fall 2010 M W F 6 pm - 10 pm \$700

### EMERGENCY MEDICAL TECHNICIAN (EMT) - INTERMEDIATE

Prerequisite: EMT Basic

**Logan West Campus** EMS2021  
May 31 - July 9 M Th 6 pm - 10 pm \$500

### FIRST AID AND CPR RE-CERTIFICATION

•**Section 1:** Register online at [www.americanheart.org](http://www.americanheart.org) for update material and the written exam.

•**Section 2:** Register at BATC (\$10) and call 512.3242 to schedule practical exam.

### HEALTHCARE PROVIDER (CPR)

Professional level required for EMT program and for students in need of AED and two-man certification. Two-year certification through the American Heart Association. Must be registered one week prior to class.

**Logan West Campus** EMS203  
April 13 or May 6 or May 18 or June 9 8 am - 12 pm \$40  
Apr 13 or Apr 22 or Apr 29 or May 6 or May 18 or May 25 or June 9 or June 16 or June 23 6 pm - 10 pm \$40

The American Heart Association strongly promotes knowledge of and proficiency in CPR. These courses are not sponsored by the AHA. Fees charged do not represent income to the AHA.

Gloria at 435.750.3224 (Logan)

### What Happens at Career Days?

The Career Days event includes interactive exhibits, industry displays, and demonstration projects all requiring student involvement. By increasing awareness students, parents, teachers, counselors, and the community will become more alert to the opportunities available for those who have the right skills. According to DWS, 76 percent of the jobs in Utah do not require a bachelor's degree; however, most of them do require technical skills. Our task is to convert students' enthusiasm into a career path.

*"The smile on these kids' faces is fantastic! What a great event... Best field trip we have ever been on!"*

*"The hands-on activities were awesome! Everyone was so pleasant, informative, and interested in the students."*

Students LOVE the hands-on activities and demonstration; they are treated to lots of giveaways. The overwhelming response by the students, their teachers, and CTE directors is very positive. Participants see and take

part in something far beyond their classroom experience and understand how it might be turned into a future career opportunity. Sponsors have been positive about their participation. Everyone involved is energized by the chance to interact and inspire with the workers of tomorrow, today!

**BECOME A SPONSOR . . . AN EXHIBITOR . . . A VOLUNTEER!**

**“There are people who make things happen...”**

In conjunction with the hands-on, competency-based classroom experiences at Bridgerland Applied Technology College, our students get directly involved in the surrounding community by participating in hands-on community-based projects enhancing traditional classroom curricula. Our students gain valuable real-life experience when they learn by doing – both in and OUT of the classroom. Being involved in something with real-life significance increases the student’s personal investment in learning and increases motivation to learn. While the primary goal of service learning is academic growth and achievement, the benefits of these activities extend far beyond educational boundaries. Students gain psychological, social, and cognitive benefits in planning and executing a variety of projects and events while cooperatively making our community a better place to live and learn.

**“There are people who make things happen; there are people who watch things happen; and there are people who wonder what happened. To be successful, you need to be a person who makes things happen.”**

*- Jim Lovell*

## **BATC Students Make a Difference**

Twice a year the BATC Fashion students plan, produce, and direct a full-scale fashion show. This past year BATC joined hands with Relay for Life to celebrate those who have battled cancer, remember those who lost to cancer, and inspire all of us to fight against cancer. Fashion sets including “Think Pink” and “Styled with Hope” presented the harsh reality that one in every three people will be diagnosed with cancer in their lifetime. Proceeds and donations were given to Relay for Life to support one common goal – finding a future where cancer no longer takes lives.

The Heavy Equipment Operator/Commercial Driver’s License program in collaboration with CREATE, a Utah wheelchair refurbishing program, utilize student’s on-the-road practice time to pick up donated wheelchairs most recently in Cedar City and deliver them to be refurbished in Salt Lake City. Paul James, program Department Head, explained, “We are glad to have the opportunity to provide our students a task that will simulate the same experiences they will have when employed in the transportation industry.”

The BATC Dental Assisting students participated in the ADA’s Give Kids a Smile® campaign by donating their dental assisting services along with the service donation of local dentists and hygienists to provide much-needed care to members of our community. Additionally, students support local elementary students and PTA members by providing instruction on proper brushing and flossing techniques and administering a weekly fluoride rinse to students. “Being a part of these events made me realize I have chosen a great career path. I really enjoyed the interaction with the public and being able to help where needed,” Dental Assisting student.

The BATC Health Science and Nursing students are actively involved during their training in assisting local healthcare professionals in meeting the community’s health needs. In fact, last year students in three of our health related programs provided over 37,000 hours of service in activities such as, providing blood pressure screening at the Senior Citizens Center, participating in eye and scoliosis screening at local schools, giving resident care in local nursing homes, administering seasonal and H1N1 vaccinations for the Bear River Health Department, and providing nursing care in the local health department, schools, Instacare, and Hospitals.

**“Whatever you are, be a good one.”**

*- Abraham Lincoln*

Certificate  
Logan

### Fire & Rescue Services

Fires killed more Americans than all natural disasters combined. An estimated 1.5 million fires were battled in 2008 according to the US Fire Administration.

**Applications Due: July 22, 2010**  
Contact Jeremy at 435.994.1947 for information on prerequisites and the application process.

## The Fire & Rescue Services Program Receives **ACCREDITATION** by the Utah Fire Service Standards and Training Council for the Firefighter Recruit Candidate Academy (RCA)

This accreditation identifies BATC as one of only five institutions in the State of Utah authorized to train individuals seeking a career in fire services and one of only two institutions offering a full Firefighter Recruit Candidate Academy. The BATC Fire and Rescue Services program was implemented and has grown under the direction of Campus President Richard L. Maughan.

The RCA program is structured in a paramilitary format allowing successful graduates to receive four state fire certifications (Firefighter I and II, Hazardous Materials Awareness, and Hazardous Materials Operations) as well as Emergency Technician-Basic training, all of which are needed for positions within career fire departments.

The BATC Fire and Rescue Services program benefits from strong relationships with Logan City Fire Department (under direction of Chief Mark Meaker) and Cache County Fire District (under direction of Chief Rod Hammer). Additionally, BATC is a member of a countywide Fire Training Consortium allowing BATC students access during their fire training.

"This program prepares you for real-life situations. Our instructors took us way beyond the textbook!"  
-Scott Kidman, RCA Graduate

\*Text and/or supplies may be required

This training center includes:

- a five-story tower used for ladder and ventilation evolutions as well as rope rescue, high rise, and standpipe operations
- a two-story steel hotel prop used for live fire drills containing a live fire flashover simulator, and
- propane vehicle and flammable liquid props, all which provide students a realistic fire training environment.

### Congratulations BATC Fire & Rescue Services Program!

#### FIREFIGHTER RECRUIT CANDIDATE ACADEMY

Earn your basic state fire certifications and begin your career as a professional firefighter. Students will use the training facility practicing hands-on skills including live fire evolutions, vehicle extrication, and firefighter survival. Graduates will receive a firefighter RCA certificate that will give them the edge when competing for jobs in the fire service.  
**Prerequisite:** Introduction to Fire and Rescue Services (C+ or better)  
Mandatory meetings: July 1 and August 3. Contact Jeremy for application requirements at 435.994.1947 or visit [www.batc.edu](http://www.batc.edu) for more information. Completed applications due on or before July 22.
